Sl. no. 1. Letter no. 284, dated January 24, 1949 from the Inter-
and Betting Tax Commissioner, U.P.

Deputy Secretary, (S.A.D.)

May please see the p.u.c. in which the Entertainment
Betting Tax Commissioner has forwarded his proposals regarding the
appointment of additional Entertainment Tax Inspectors in a number
of districts, (c.f. chart attached to the p.u.c.) before each case
is examined, office would request Deputy Secretary ~~to~~ ^{on} the basis of
local principles on which the same should be examined.
Up to now in connection with a cinema house Government had approved two principles which served as guiding
factors (1) that the number of cinema houses should be four or more
than four and (2) the annual income should be Rs 5,000/- or over.
For the future office venture to suggest that the number of cinema
houses should ~~be~~ remain four or more than four but as the rates have been
enhanced considerably, the amount of annual income should be ~~remain~~ ^{Rs 10,000/-}
~~say between~~ ^{criterion neg.} Rs 20,000/- and ~~not~~ ^{say} Rs 25,000/- in each case. Submitted.

(An abrupt great increase in the
number of E.T. Insps. does not
seem desirable.)

X:- What would be the position if
(1) we do stand to far (2) the
figure of income we put at 20,000/-
or more - Not Done

" Every above figure would be a sufficient
to one or two parts, ^{only} ~~between~~ ^{one} ~~two~~ categories

(SAD) we able to discuss this with E B T C.
in other day - He brought that the income
limit should be 15,000/- & that there should be
no restrictions as to the no. of cinemas. For what
is Muzफे has said only one Cinema house
brought substantial income in the form of tax.
If we like to examine the position on the following
conditions, for instance, how many more inspectors
will be required
(1) No. of Cinema houses - more than one
(2) Income from tax - atleast 15,000/-
p.a.

"s query above. 13 posts of Entertainment Tax Inspectors were sanctioned at Slip 'L' of file No 6(17)/48, and one post of E.T.I. at Chandosi was created at Slip 'U' of the linked file. Out of the total 14 posts thus sanctioned, only one remained unfilled - vide Sl. 22 (page 21cc) of file No 6(17)/1948. It may also be stated that out of the two temporary posts for the districts of Nainital & Almora for the period from April 1, 1948 to October 31, 1948 sanctioned in Slip 'L' of the file No 6(17)/1948, one, viz., of Almora, remained unfilled.

2. The total number of inspectors at present is 25 only. The E.B.T. Commr. has asked for as many as 31 more inspectors. This is a very big increase and it is necessary to examine the proposals of the E.B.T.C. carefully before sanctioning any increase.

3. It is difficult to lay down any definite formula for fixing the need of

inspectors for a particular. As the necessity of inspectors is affected by various factors ~~and~~ it is not possible to lay down any uniform scale. Besides the number of cinema houses and the income from the tax, the various different stations in a district having cinemas, the distances of cinema houses + race courses in a particular city, their importance and the different types of amusements have all to be taken into account.

4. As stated overleaf, the SBTC has asked for an increase of 31 inspectors. The demands are examined below in the light of the above remarks.

(1) Dehra Dun There are four stations in the district and a total of 18 cinema houses. The income has shown a rapid increase during 1948-49 as compared with 1947-48. There are two other forms of amusement ~~also~~ besides cinema houses. The district has two inspectors, but an inspector is recommended for Dehra Dun for the hot weather when the second inspector is at Munrooril. This may be allowed.

- (2) Saharanpur Five stations and 12 horses.
only one inspector at present. Two more have been
asked for. Only one may be allowed.
- (3) Meerut Four stations + 16 horses. Besides
cinemas many other forms of amusement,
including races, fairs. Only 2 inspectors at
present + 2 more asked for. One more may
be allowed. Income 9 lac roughly per annum.
- (4) Bulandshahr Three stations + 4 horses. No
inspector at present. One asked for. Figures
do not justify. Disallow?
- (5) Aligarh Two stations + 8 horses. Substantial
increase in income in 1940-41 as
compared with 1947-48. Should be
possible for existing one inspector to
carry on but one may be allowed if
considered necessary from the point of
view of income.
- (6) Agra Two stations + 10 horses. Two inspectors
are already there. No increase seems
justified.
- (7) Hajipur One ~~old~~ man asked for. Figures
do not justify. Disallow?
- (8) Etah As above.

- (9) Bijnor one inspector asked for. There is none at present. Does not seem necessary for the present. Disallow?
- (10) Budawn As above.
- (11) Moradabad Four stations + 9 cinema houses. There is one inspector but one more has been temporarily sanctioned upto ~~31.3.49~~^{June 1949}. There has however been a steady fall in income. The ERTC has asked that the temporary post may be retained on a permanent footing. May allow for six months more & if the income continues to fall, the post may be terminated.
- (12) Pilibhit One man asked for. Does not seem justified.
- (13) Tamkhahed There are only 2 cinema houses in the town. The annual income is roughly 35,000 per annum. No other forms of entertainment. There is no inspector at present & one is asked for. The income is pretty large but otherwise circumstances do not justify the appointment of an inspector.
- (14) Kanpur There are 17 houses in the city

besides other forms of amusement. The income during 47-48 was 6,00,000/- during first six months of 1948-49 it was 4,00,000/- round. Two inspectors are already there. Two more have been asked. ~~There seems no very strong justification for an increase but at the most one may be allowed.~~

(15) Fatehpur one man is asked for. Does not seem to be justified.

(16) Allahabad eight houses in the city and two more under construction, besides other forms of amusement. Income increasing roughly 3,50,000/- round during 1947-48. only one inspector at present. one more may be allowed if kampur is given one more (from two to three).

(17) Banda one is asked for. Does not seem justified. Disallow?

(18) Banaras eight cinema houses including one at Mughal Sarai. Income 3,20,000/- round. like Allahabad one more may be allowed.

(19) Mirzapur Income about 30,000/- p.a. May carry on as at present. one man may be sometimes when the second cinema house under construction starts functioning.

(20) Deoria one man asked for: Not necessary.

(21) Nainital Two stations + five houses. Income about 1,00,000/- There are other forms of amusement. The request is that one temporary inspector sanctioned for seven months may be allowed on a long term basis. This may be accepted.

(21A) Almora The post is ^{temporary} at present. May continue as it is.

(22) Lucknow 16 houses + 2 more under construction, besides a number of other forms of amusement including races. Two men at present. One more may be allowed.

(23) Unnao Not necessary for the present.

(24) Hardoi As above.

(25) Gonda As above

(26) Bahraich Two houses. Income about Rs 36,000/- during 1948-49. One may be allowed. He may also see to work at Gonda which is about 35 miles from Bahraich. Remarks against Aligarhpur (19) may please be seen.

5. All the addl inspectors may be on the lower scale of pay except three - one each at Dehra

Lekhampur, Dun, Ajigash + Moradabad.
